Sanitaryware and complementary products icon guide

Green building certification

These products fulfill Green building certification (LEED, BREEAM and DGNB) criteria with their environmentally-friendly features including lower environmental footprint, water conservation and the use of local materials, as well as life cycle assessment (LCA), environmental product declaration (EPD) and sustainable forestry (FSC), certificates. They are recommended for projects aiming for a Green building certification.

Water saving

Developed by VitrA with special bowl structures and low-flow internal mechanisms, the 2,5/4 L water conserving WC pan provide efficient flushing with less water and are certified for lowest water consumption by EU standards. When used together with VitrA concealed cisterns, these WC pan can reduce water consumption by up to 70 %.

Accessible

VitrA bathroom products designed to accommodate seniors and people with special needs are wheelchair accessible and provide enhanced convenience in the bathroom.

VitrA Touch-free

Controlled by a built-in sensor, the VitrA Touch-free Technology ensures hygiene in bathrooms by providing to control products touch-free, thus reducing the risk of cross contamination of pathogens.

VitrA Rim-ex

The smoothly attractive rimless WC pan Rim-ex prevents germ proliferation and offers superior hygiene thanks to its innovative design. Tests show Rim-ex is 95% more hygienic as compared to standard WC pans.

VitrA SmoothFlush

VitrA SmoothFlush WC pans have no rims or openings that might harbour harmful bacteria or microorganisms. This makes VitrA SmoothFlush WC pans much easier to clean and offer maximum hygiene.

Easy installation

Easy and quick installation with innovative applications.

Quick release WC seat

Quick Release VitrA WC Seat makes it easy to remove and refit after cleaning.

Soft-close seat

Special hinge for silent and soft closing.

VitrA Clean

Limescale is persistent in most bathrooms. VitrA Clean technology is a special double-glazing process that makes washbasins, WC pans and bidets water repellent. No harsh chemical cleaning agents are needed to keep them beautifully stain-free for years.

Taps and shower systems icon guide

Unified Water Label

Unified Water Label indicates the water consumption level of faucets. Class A rating means maximum water saving with the same high level of comfort.

Green building certification

These products fulfill Green Building Certification (LEED, BREEAM and DGNB) criteria with their environmentally-friendly features including lower environmental footprint, water, conservation and the use of local materials, as well as life cycle assessment (LCA), environmental product declaration (EPD) and sustainable forestry (FSC), certificates. They are recommended for projects aiming for a Green Building Certification.

Water conservation

Maximum comfort is ensured with minimum amount of water thanks to the special system used for faucets.

Energy conservation

The grey band on the cartridge can be used to set an upper limit on water temperature, saving energy by avoiding unnecessary heating.

FlowControl

Water saving control function that ensures intentional increase to the high flow.

LowLead

Thanks to the enhanced technology, the level of nickel and lead are at the minimum level.

BrightLight

Thanks to its bright chrome finish that is resistant to tarnish and corrosion, it shines like the first day.

SmoothMove

Easy and comfortable use for years thanks to its sensitive and soft on-off feature.

VitrA Touch-free

Controlled by a built-in sensor, the VitrA Touch-free Basin Mixer improves hygiene in public toilets and reduces the risk of pathogen cross-contamination. The sensor detects the user and contributes to water saving by stopping the flow as soon as the user moves away from the detection area.

Easy maintenance

Easy maintenance for the check valve with no need to remove the body.

Taps and shower systems icon guide

Practical installation

Ease of manual installation, without requiring any tools.

Easy Installation

Easy and quick installation with innovative applications.

Adjustable installation

It can tolerate installation errors of up to 7 degrees.

Brick fit

It allows for mounting on brick walls with a minimum depth of 77 mm.

Leak proof

It offers safe usage with its leak-proof cover.

Blind sight

The active button is raised out slightly while taking shower. So, you can easily find the AquaControl's button diverter even when your eyes closed.

SafeTouch

Internal body design creates an isolation layer between the warm water and body that prevents the contact of warm water to body. In this way, body surface is never too hot to touch.

SafeTemp

Protection against scalding by providing a deliberate/safe switch to temperatures above 38 degrees.

Constant temperature

AquaHeat Thermostatic faucets ensures always the right temperature, for utmost convenience and safety.

UniConnect

The universal connection feature means it's compatible with all hand showers.

Taps and shower systems icon guide

No limescale silicon nozzles

The specially designed silicon aerator discharges any lime build-up at the spout with a single touch.

DurableHose

Using advanced technology, the shower hoses are resistant to high temperature, pressure and weight.

AntiTangle

The one-piece Chromatech shower hose has a smooth surface, which prevents water leaks due to breakage and bending, whilst being easy to clean and tangle-free.

EasyClean

One-piece shower hose is easy to clean and tangle-free thanks to its smooth surface.

Comfort control

Direct water to the desired outlet with the button marked.

Height modification

An individual adaptation according to the user height and space of the shower enclosure is possible easily.

Aqua Massage

Intense shower flow with massage function that reduces your tension and relaxes your body

Aquarain

Produces the ideal rainfall for a quick and refreshing start to your day.

AquaSoft

Thanks to its special technology AquaSoft Shower Flow relaxes you with its calmness that purifies both your body and soul.

AquaSpray

Thanks to its special technology, the water drops are more voluminous and soft.

Bathroom furniture icon guide

Wood veneer

Furniture surfaces are genuine wood veneer or composite veneer.

Motion sensor

Bathrooms are now more comfortable with lighting systems that detect motion and activate illumination.

Touch sensor

Without any requiring on-off button, touch sensor can react the user by just touch.

Ambiance LED lighting

With ambience LED lighting stylish atmospheres can be created in the bathrooms.
This product contains a light source of energy efficiency class <E> to Regulation (EU) No 2019/2015

Frosted LED lighting

Frosted LED lighting provides a functional use by illuminating the user's face thanks to the light hidden under the sanded mirror.
This product contains a light source of energy efficiency class <E> to Regulation (EU) No 2019/2015

Armature LED lighting

User face can be clearly illuminated thanks to strong LED light of armature LED lighting.
This product contains a light source of energy efficiency class <E> to Regulation (EU) No 2019/2015

Interior LED lighting

The interior lighting options ensure that the storage space of the furniture is bright during use.
This product contains a light source of energy efficiency class <E> to Regulation (EU) No 2019/2015

Anti fog mirror

With its anti-fog mirror models, VitrA offers solutions that make life easier.

Magnifier mirror

Magnifying mirror offers versatile functionality for different needs.

Double mirror

Double mirror models offer comfortable and elegant solutions for bathrooms.

Bathroom furniture icon guide

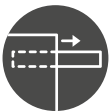

Soft-closing

The gently slowed movement of drawers, doors and lids ensure silent operation and enhance safety for children or elderly users.

Push to open

Designed without handles for an uncluttered symmetrical look, furniture doors and drawers are easily opened with a gentle push.

Full extension

Full extension drawers offer ease of use and optimum utilization of storage space.

Accessible

VitrA bathroom products designed to accommodate seniors and people with special needs are wheelchair accessible and provide enhanced convenience in the bathroom.

Power plug

Installed inside cabinets, plugs offer practical and elegant solutions for bathrooms.

Glass shelves

Glass shelf models create elegance and functionality in bathrooms.

Horizontal / Vertical use

Can be used horizontally or vertically depending on needs.

Dimmable

The dimmable feature can increase/decrease the brightness of the light.

FSC™

The Forest Stewardship Council™ (FSC™) is a global, not-for-profit organization dedicated to the promotion of responsible forest management worldwide. FSC defines standards based on agreed principles for responsible forest stewardship that are supported by environmental, social, and economic stakeholders. To learn more, visit www.fsc.org
This product has FSC™ certified.

The mark of responsible forestry

VitrA Seat Technologies

Comfortable and hygienic seat technologies

1- Extra hygienic seat

Thanks to its non-porous structure, Duroplast does not absorb chemicals and stops the growth of bacteria. For this reason, it is more hygienic and durable than plastic seats.

2- Easy-to-clean seat and lid

Quick Release VitrA WC Seat makes it easy to remove and refit after cleaning.

3- Soft-closing lid

Thanks to the special hinge, the seat closes slowly and silently, ensuring safe use.

VitrA Rim-ex

Rimless WC that leaves no room for dirt

The VitrA Rim-ex system flushes every part of the VitrA wall-hung WC bowl, leaving bacteria nowhere to hide. Free of the channels that can harbour harmful bacteria and microorganisms, the VitrA Rim-ex toilet is easier to clean and 95% more hygienic than standard pans. The triple-nozzle diverter and the smooth curvature of the bowl give a thorough and 25% more hygienic flush each time.

Channel-free WC bowl

Standard WC bowl with a channel

VitrA Clean

Surface that repels dirt and dirty water

VitrA Clean has hydrophobic finish over the entire ceramic surface, which repels dirt and dirty water and simplifies cleaning without the need for aggressive agents. VitrA Clean causes water to form droplets that slide down the sloping ceramic surface. As they are pulled down by gravity, these globules carry away any clinging dirt, thereby cleaning the surface.

Developed by the VitrA innovation team and constituting of long chains of molecules, VitrA Clean is suitable for all ceramicware surfaces such as washbasins, WC bowls and bidets in any colour or specification. VitrA Clean's protection lasts for the lifetime of the ceramicware under even the most intense use conditions.

VitrA Hygiene

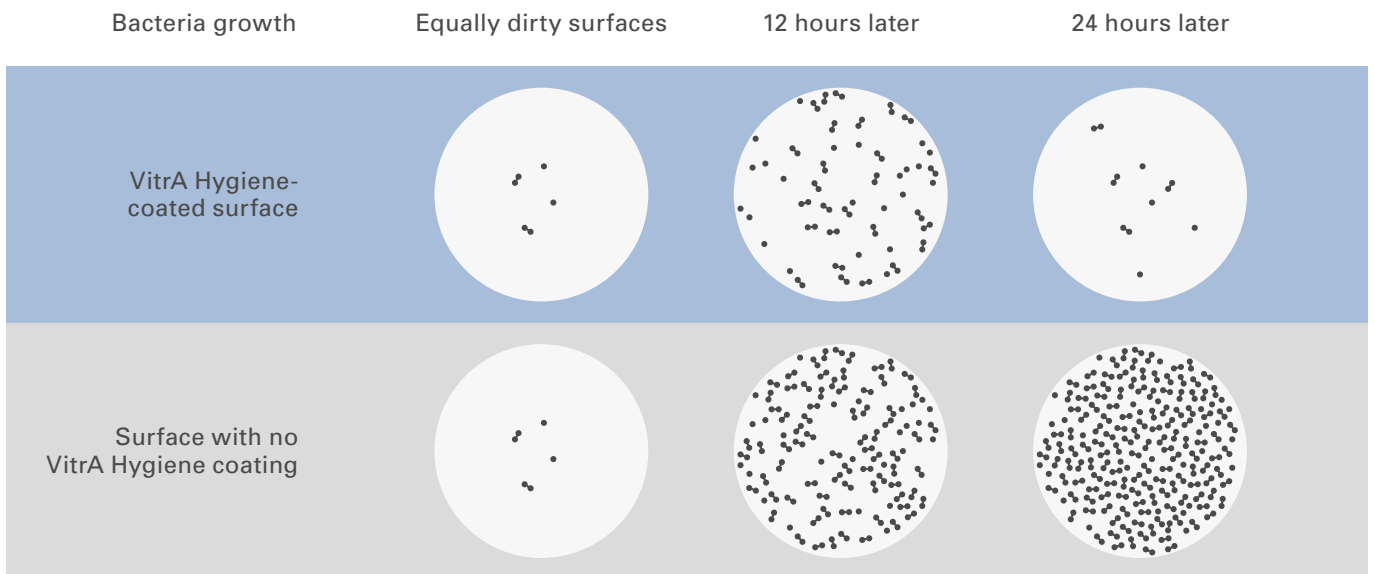

Ion-rich technology that inhibits the growth of harmful bacteria

VitrA Hygiene, which coats all VitrA ceramicware, inhibits the growth of harmful bacteria by 99.9%. By disrupting the cellular structure of bacteria that cling to the surface during use, this proprietary glaze prevents them from proliferating into a colony.

Tests in accordance with the national and universal ISO 22196, JIS Z 2801, ASTM E 3031-15, and TSE 13420 protocols have verified the efficacy of VitrA Hygiene against gram negative (*Escherichia coli*) and gram positive (*Staphylococcus aureus*) strains.

The VitrA Hygiene glaze coats all external and internal surfaces prior to firing in a process for VitrA ceramic sanitaryware even under the most intense usage conditions.

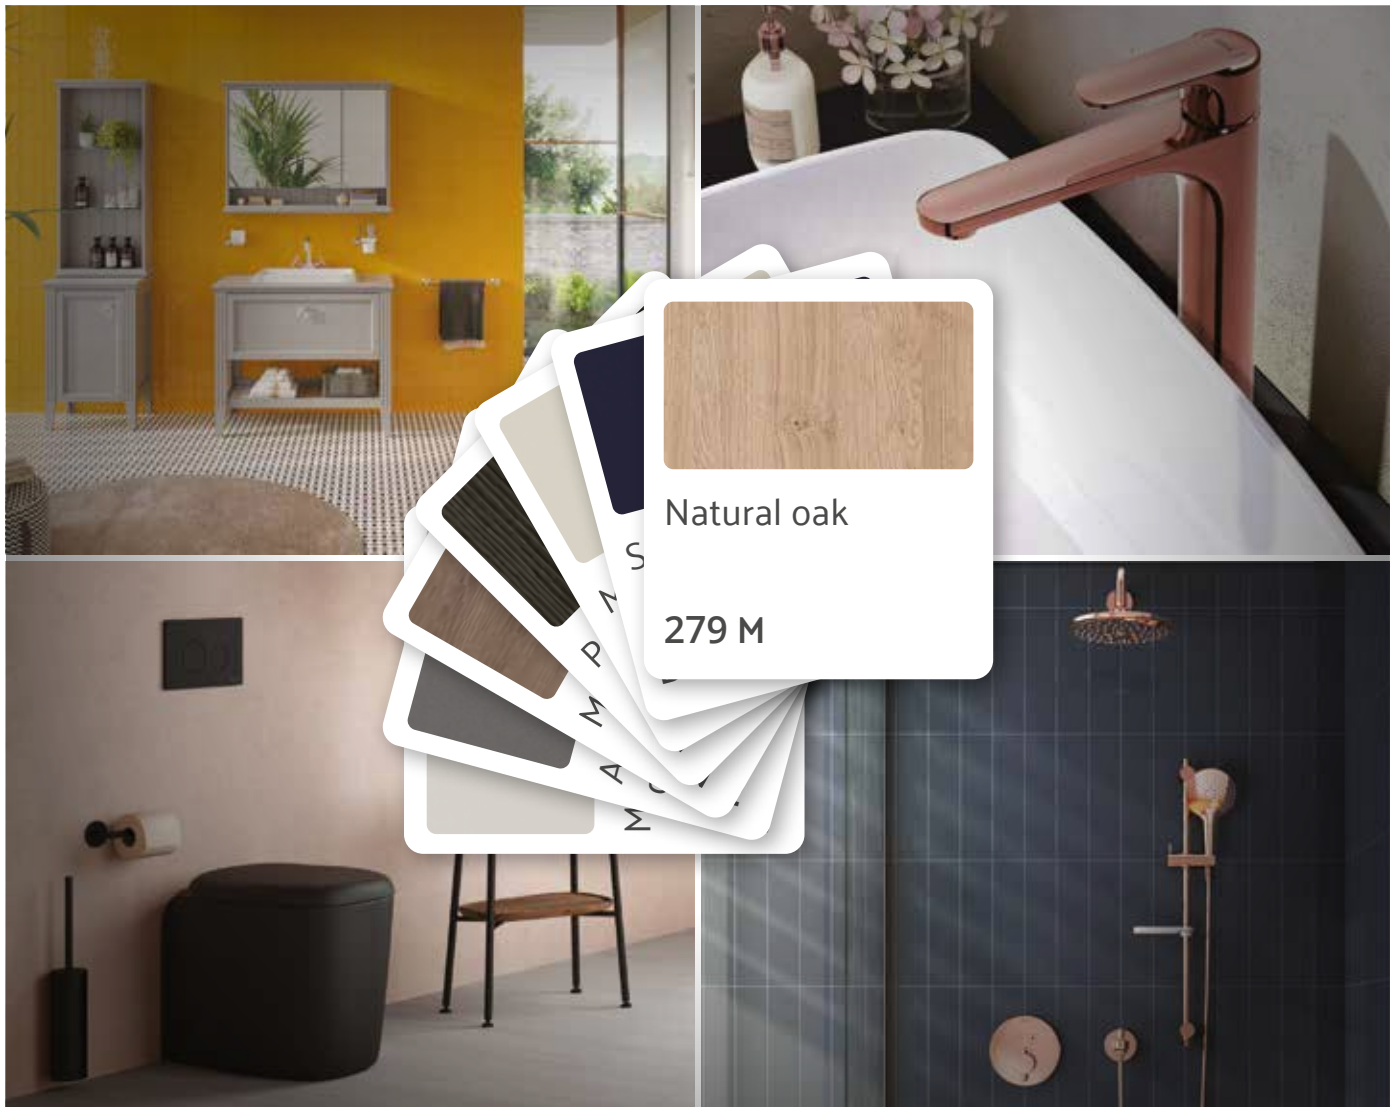

Fewer chemicals and better hygiene with VitrA Hygiene

VitrA

The VitrA Colour Chart is now online.

(except 742-1700-01 and 762-1700-01) • 300-1208 or 300-1029 installation set should be ordered for electrical connection and must be installed during wall application. 	
	

• 5 years warranty is offered only for front operated concealed cisterns but 2 years warranty is offered only for electronic controlled concealed cisterns.

Liquid

Designed by Tom Dixon

Creativity in ceramics

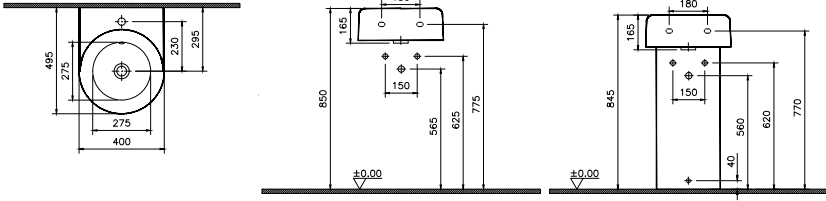

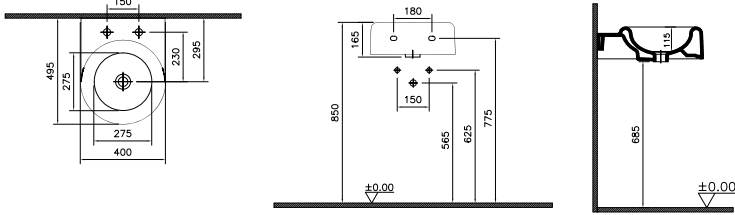

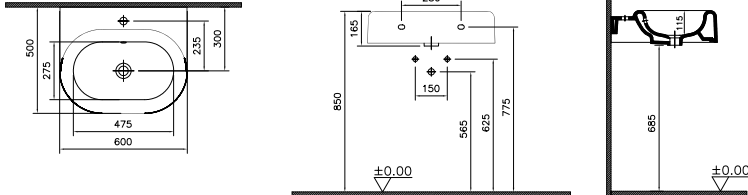

Extending sculptural ceramics beyond the traditional realms of basins and sanitaryware, the collection includes the unusual feature of a rotund moulded ceramic stool – for use in the shower or anywhere else in the home.

Liquid's washbasins span an expressive range from discrete inset solutions to wall-hung, countertop and freestanding options.

Plural

Designed by Terri Pecora

Shared intimacy

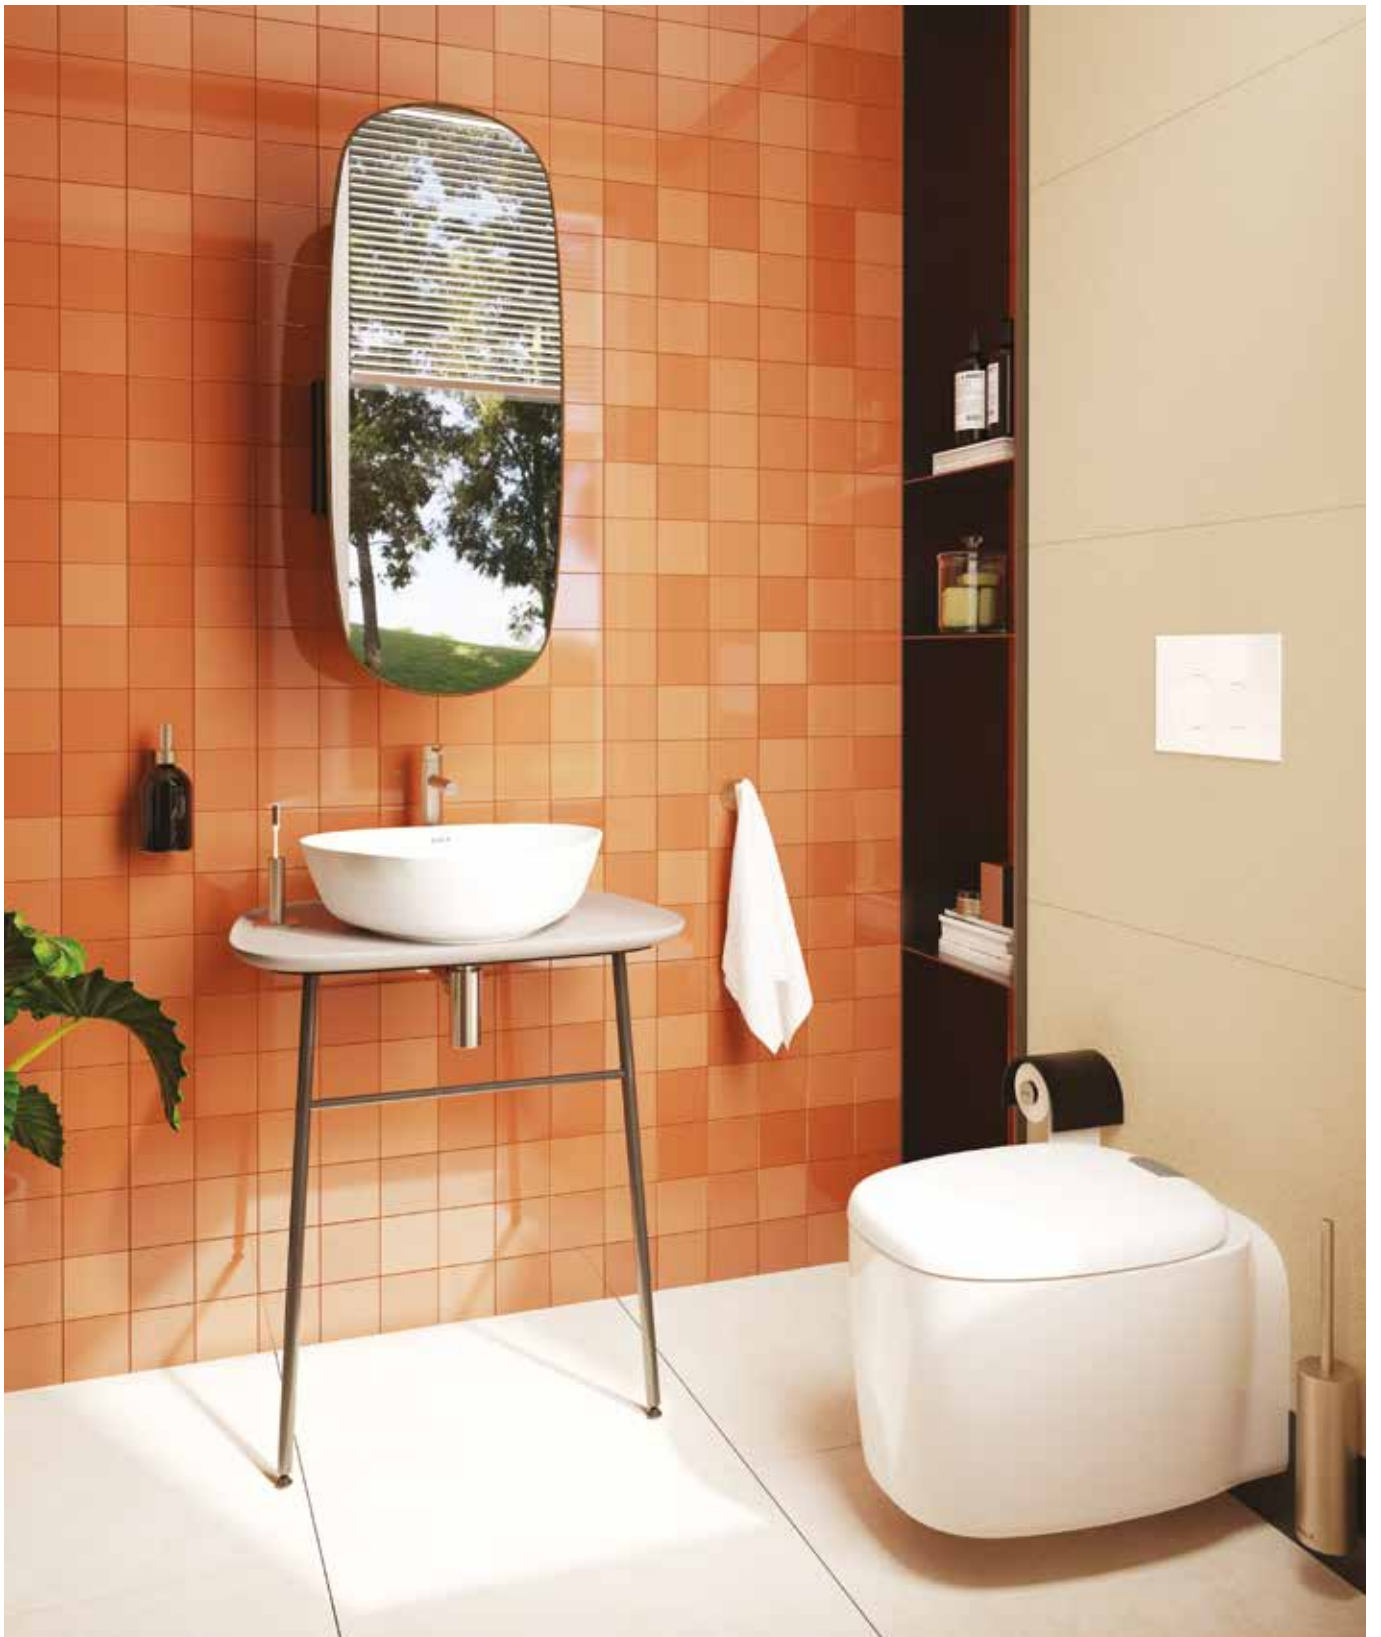

Designed by Terri Pecora in collaboration with Design Studio Vitra, Plural offers the feeling of a vintage living room, inspired by the iconic mid-twentieth century look. Light and airy furniture are creatively embedded into the bathroom environment, introducing a welcoming domestic space where users can share time with others.

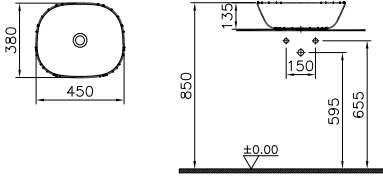

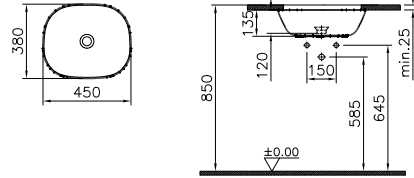

Plural's refined design language creates an atmosphere of sensual luxury. With an aesthetic mix and match of forms, finishes and colours, it brings objects and people together in a delightfully harmonious bathroom environment.

Frame

Clear thinking revealed

A new expression of the modern bathroom that perfects both the performance of each function and the visual appearance. The result is the enrichment of the expressive potential of the bathroom, enabling personalization and the creation of a deeply satisfying space.

Authentic design and functionality are connected in one collection. All the well-thought details that make the Frame unique are at the forefront. With a colour chart collection composed of black, white-oak, beige and a modern design language of thin edges and sleek lines, this enables users to express their style in the bathroom area.

Frame

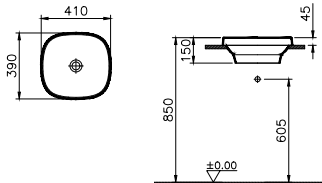

Geometric minimalism.

The innovative and modern design of Frame gives a striking new look to the washbasin collection. Frame countertop washbasins stand out with their geometric form and fine design.

Equal

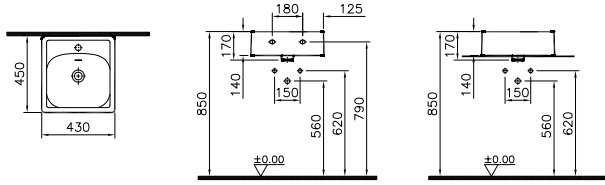

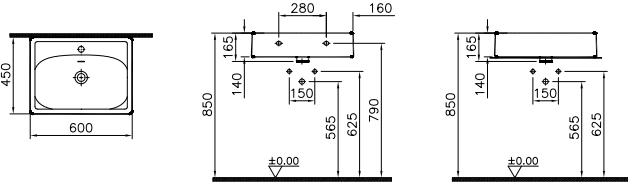

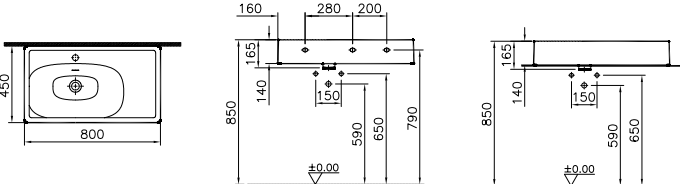

Designed by Claudio Bellini

Brave simplicity

Designed by Claudio Bellini in collaboration with Design Studio Vitra, Equal truly offers a bathroom with character. Simplicity must be treated as the outcome of a brave sophistication, and as a design approach, it is the human shortcut to creating equilibrium within the clutter of an urban environment. This is the balance Equal creates by welcoming diverse needs and desires.

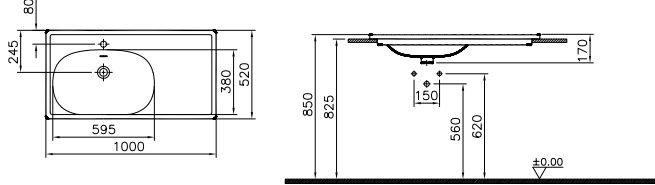

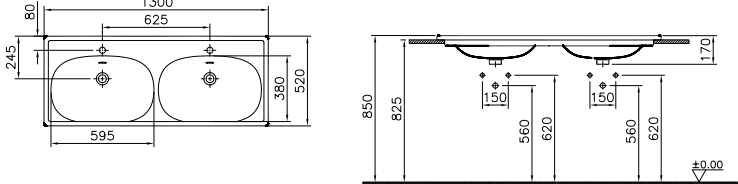

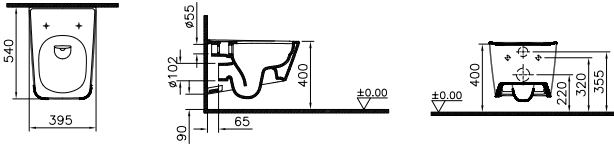

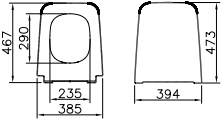

Equal

Product/Code	Description
Aquacare Rim-ex wall-hung WC pan, 56 cm	
7672B003-6204	With bidet function, with thermostatic cartridge integrated stop valve (on left)
7672B003-6203	With bidet function, with thermostatic cartridge integrated stop valve (on left), with VitrA Fresh liquid cleaner tank
 	<p>Thermostatic cartridge integrated stop valve (mixes hot and cold water for bidet function) For best user experience temperature of the water fixes at maximum 38 degrees. If you have heating system that work with gas (combi boiler, flash heater etc.), low flow rate of bidet water might prevent the system to heat and result in late arrival of hot water. It is advised to use thermostatic cartridge integrated stop valve if you have central or electrical heating system.</p> 
Wall-hung WC pan, 56 cm	
  <p>2,5/4 L</p>

Nest

Designed by Pentagon Design

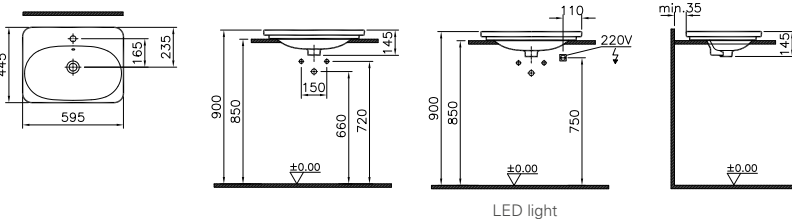

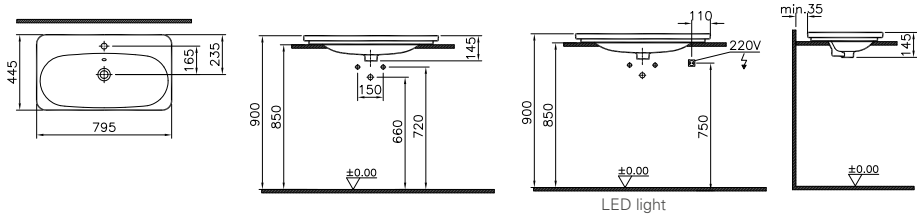

Refined and restful.

Nest represents high-quality design which is available to everyone in their bathroom regardless of bathroom size. With a wide range of functional products designed along new generation modularity, Nest serves the needs of every member of the family. Ergonomic features transform a bathroom to a pleasurable space. Nest yields practical solutions that offer family sized comfort. Lines are pure and soothing, solutions “considerate” and “attentive” to real needs.

Nuo

Natural simplicity.

Nuo washbasins have elegant, functional and minimalist lines. All Nuo washbasins have been redesigned for a more modern look and provide precisely the right combination of depth, shape and inclination to promote the maximum flow of water to the waste area. This prevents build-up of residue on the bowl surface making it easier to keep clean.

Origin

Silent gracefulness

Created by Design Studio Vitra, grace shapes the Origin Collection's minimalism. A systematic approach that complements and underlines the bathroom atmosphere, Origin is a meeting point for mixers, accessories, shower systems and counter solutions. Subtle lines, sleek designs and unmatched colour alternatives create a wealth of choice in sanitary ware, and lead to a truly customisable bathroom environment.

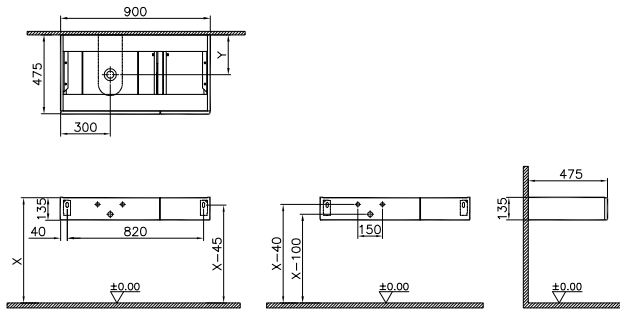

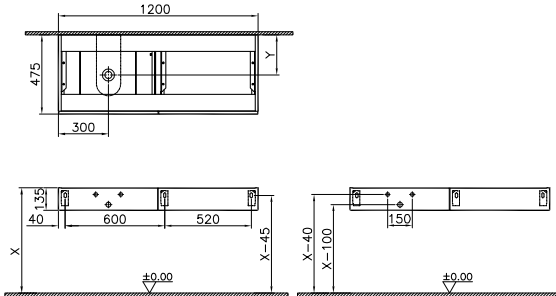

A shelf system like no other

Everything that is needed in the bathroom can be organised on shelves and in units that complement the graceful design. Units with integrated drawers allow quick access to needed items.

Bathroom units can be easily customised to different sized spaces, thanks to a choice of modules and dimensions. In 30- and 60 cm alternatives, the shelves can be combined with other shelves or side units in 60 cm or 90 cm.

Root Collection

The ideal solution for your dream bathroom in 3 steps

The Root Collection, allows you to design the bathroom of dreams in just three easy steps.

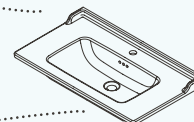

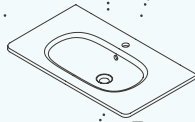

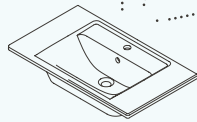

- 1- For desired bathroom design, firstly different styles of washbasins, faucets and washbasin unit can be decided, then preferred combinations of colours can be chosen.
- 2- The right size for washbasin and washbasin unit can be defined according to the area of bathroom, followed by the height of preferred faucet.
- 3- By completing design with mirrors, tall units and units with additional storage, the perfect solution for the bathroom of dreams will become a reality.

Liquid

Designed by Tom Dixon

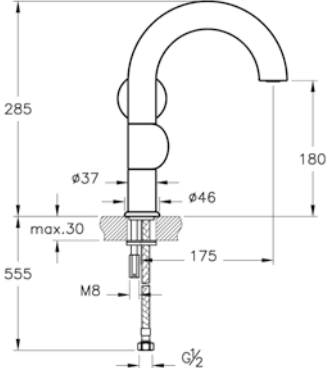

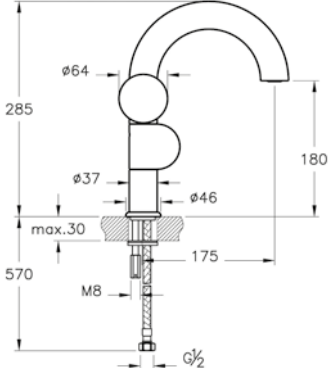

Tactile elegance

Liquid's brassware combines conical handles with exuberant tubular bodies. Easy to use and joyfully communicative of function, the range of taps and showers comes in two finishes: Glossy black and chrome.

Ten variants of taps include wall-mounted mixers in short and long-spouted versions along with deck and Built-in options in standard and tall formats. Touchless taps are available in two heights for both inset and countertop use.

Origin Classic

Design Studio VitrA

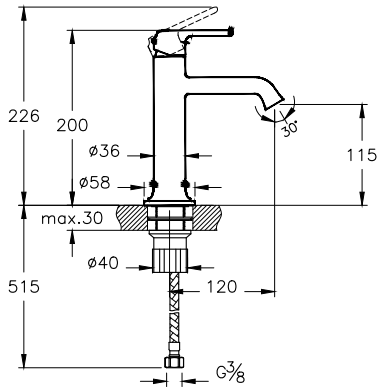

A harmonious blend of classic and contemporary.

Origin Classic combines elements of the past and future, executed with a contemporary touch to highlight its graceful and elegant lines. The collection consists of complementary faucets, accessories and shower systems, and creates a unique ambiance in the bathroom, with the harmony of the classic and the contemporary. Different colour and usage options provide a lot of design freedom.

Origin

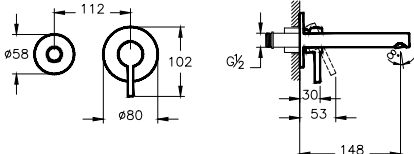

Designed by Design Studio Vitra

Silent gracefulness

Created by Design Studio Vitra, grace shapes the Origin Collection's minimalism. A systematic approach that complements and underlines the bathroom atmosphere, Origin is a meeting point for mixers, accessories, shower systems and counter solutions. Subtle lines, sleek designs and unmatched colour alternatives create a wealth of choice in sanitary ware, and lead to a truly customisable bathroom environment.

Root

Designed by Design Studio Vitra

The perfect finishing touch

The collection offers two design routes, using a systematic approach to add the finishing touch to your bathroom.

Root Round

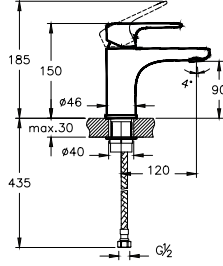

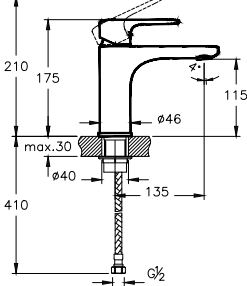

The Root Round mixers have been designed using curved lines, ensuring a seamless flow to the washbasin.

Root Square

The Root Square mixers have been designed with defined edges and geometric forms offering a bold and unique look to complement your bathroom.

Origin

Designed by Design Studio Vitra

Origin portrays a delicate minimalism. The collection differentiates from the ordinary with its simple slenderness: Precise edges, fine details, and noble colours. By challenging the existing perception of faucets and accessories, Origin offers an integrated and charming final touch to the bathroom.
